Criminal Procedures: Cases, Statutes, and Executive Materials is noted for its comprehensive coverage and excellent selection and editing of cases and materials. The book is known for its special focus on a rich selection of materials from multiple institutions, including primary materials from U.S. Supreme Court cases, state high court cases, state and federal statutes, rules of procedure, and police and prosecutorial policies, along with materials from social science studies. The new edition retains the casebook's engaging writing style and division of materials into "teachable chunks." Updated cases are chosen for their contemporary accuracy and feel, to complement essential cases of historical value. Taken together, the principal materials highlight procedural variety, focus on real process topics, provide the political context, and consider the impact of procedures on the various parties involved. The scholarly expertise and experience of the authors is especially reflected in the Criminal Procedure II materials, which includes coverage of prosecutorial charging, plea bargaining, and sentencing. Their frequent use of Problems gives instructors options for applying concepts and doctrines in realistic practice settings.
