#1 NEW YORK TIMES BESTSELLER • “Is it as good as Red Dragon and Silence of the Lambs? No . . . this one is better.”—Stephen King, The New York Times Book Review You remember Hannibal Lecter: gentleman, genius, cannibal. Seven years have passed since Dr. Lecter escaped from custody. And for seven years he’s been at large, free to savor the scents, the essences, of an unguarded world. But intruders have entered Dr. Lecter’s world, piercing his new identity, sensing the evil that surrounds him. For the multimillionaire Hannibal left maimed, for a corrupt Italian policeman, and for FBI agent Clarice Starling, who once stood before Lecter and who has never been the same, the final hunt for Hannibal Lecter has begun. All of them, in their separate ways, want to find Dr. Lecter. And all three will get their wish. But only one will live long enough to savor the reward. . . . Praise for Hannibal “Interested in getting the hell scared out of you? Buy this book on a Friday . . . lock all doors and windows. And by Monday , you might just be able to sleep without a night-light.”—Newsday “Strap yourself in for one heck of a ride. . . . It’ll scare your socks off.”—Denver Post “A stunner . . . writing in language as bright and precise as a surgeon’s scalpel, Harris has created a world as mysterious as Hannibal’s memory palace and as disturbing as a Goya painting. This is one book you don’t want to read alone at night.”—The Atlanta Journal-Constitution “Relentless . . . endlessly terrifying . . . 486 fast-paced pages, in which every respite is but a prelude to further furious action . . . Hannibal begins with a murderous paroxysm that leaves the reader breathless. . . . Hannibal speaks to the imagination, to the feelings, to the passions, to exalted senses and to debased ones. Harris’s voice will be heard for a while.”—Los Angeles Times “A pleasurable sense of dread.”—The Wall Street Journal “Enormously satisfying . . . a smashing good time, turning the pages for thrills, chills, horror and finally, a bracing, deliciously wicked slap in the face . . . perhaps the very best the thriller/horror genre is capable of producing.”—San Diego Union-Tribune

Thomas Harris is the great melodramatist of our time, author of the definitive thrillers of the last 20 years. The Silence of the Lambs alone has sold more than 12 million copies worldwide. And yet Harris's phenomenal success has been achieved without any personal publicity whatsoever. He has never given an interview. In this gripping - and sometimes chilling - profile, David Sexton exploits every possible source to get to the bottom of Harris's monstrous genius: who really is the man behind Hannibal Lecter?

10% Happier Penguin

A wry comic novel with an acerbic wit, *A Hero of Our Time* is a vicious takedown of superficial diversity initiatives and tech culture, with a beating heart of broken sincerity. Osman Shah is a pitstop on his white colleague Olivia Robinson's quest for corporate domination at AAP, an edutech startup determined to automate higher education. Osman, obsessed by Olivia's ability to successfully disguise ambition and self-interest as collectivist diversity politics, is bent on exposing her. Aided by his colleague turned comrade-in-arms Nena, who loathes and tolerates him in equal measure, Osman delves into Olivia's twisted past. But at every turn, he's stymied by his unflinching gift for cruel observation, which he turns with most ferocity on himself, without ever noticing what it is that stops him from connecting to anyone in his past or present. As Osman loses his grip on his family, Nena, and everything he thought was essential to his identity, he confronts an enemy who may simply be too good at her job to be defeated. *A Hero of Our Time* cracks the veneer of well-intentioned race conversations in the West, dismantles cheery narratives of progress through tech and "streamlined" education, and exposes the venomous self-congratulation and devouring lust for wealth, power, and property that lurks beneath.

Inspired by the true story of a female spy, this is “an infectious page-turner, as crafty and nuanced and impassioned as any classic thriller” (The National). Inspired by the true story of Melita Norwood, unmasked as the KGB’s longest-serving British spy in 1999, at age eighty-seven, Red Joan centers on the deeply conflicted life of a young physicist during the Second World War. Talented and impressionable, Cambridge undergraduate Joan Stanley befriends the worldly Sonya, whose daring history is at odds with Joan’s provincial upbringing. Joan also feels a growing attraction toward Leo, Sonya’s mysterious and charismatic cousin. Sonya and Leo, known communist sympathizers with ties to Russia and Germany, interpret wartime loyalty in ways Joan can only begin to fathom. As nations throughout the continent fall to fascism, Joan is enlisted into an urgent project that will change the course of the war—and the world—forever. Risking both career and conscience, leaking information to the Soviets while struggling to maintain her own semblance of morality, Joan is caught at a crossroads in which all paths lead to the same endgame: the deployment of the atomic bomb. Life during wartime, however, is often ambiguous, and when—decades later—MI5 agents appear at her doorstep, Joan must reaffirm the cost of the choices she made and face the cold truth: our deepest secrets have a way of dragging down those we love most. The basis of the film starring Judi Dench and Sophie Cookson, this is “a brilliant spy novel, with [a] deft, involving plot . . . Tense, beautifully pitched, and very moving” (Marie Claire).

Essays on the Novels of Thomas Harris ABC-CLIO

A Dark Night's Dreaming opens by defining the shape of horror fiction today, illuminating the genre's narrative themes, psychological and social contexts, and historical development. The core of the volume focuses on the lives and major works of the six who have dramatically shaped the genre: William Peter Blatty, Thomas Harris, Stephen King, Anne Rice, Peter Straub, and Whitley Strieber. A final chapter analyzes the complex relationship between horror fiction and its adaptation to film. Looking beyond the tormented maidens, madmen, monsters, and other archetypes of the genre, these critics differentiate contemporary Gothic fiction from that of earlier generations while demonstrating that horror remains one of the most important and consistent strains connecting the diverse elements of the American literary tradition. They comment on the genre's enormous popularity and undeniable influence in American society and scrutinize its changing representations of women, monsters, and gore. The volume concludes with an extensive bibliography of primary and secondary works.
