Inside the secret world of tennis court-siding. Brad Hutchins has been living a young bloke's dream: getting paid to travel the world and watch sport. Sitting court-side on the pro tennis circuit, he uses his phone to transmit results to a gambling syndicate, taking advantage of the time delay in TV broadcasts to beat other online punters to the big pay-offs. His stories from life on the road capture the adventures and mishaps that come with following the world's best tennis players and partying in a new country every week. But like card counters in casinos, court-siders are despised by the tennis establishment. The more time Brad spends at tournaments, the harder it becomes for him to evade the security guards who are hell-bent on ejecting him from matches. The resulting cat-and-mouse chases will appeal to anyone who loves the roguish spirit of *The Wolf of Wall Street* or *Catch Me If You Can*. Brad Hutchins spent his youth playing sports and travelling the world, before finding his dream job as a tennis trader. Born and raised in Brisbane, he has lived and worked in the UK and Canada, and now teaches primary school students on the Gold Coast. *Game, Set, Cash!* is his first book.

Christgau's Consumer Guide: Albums of the '90s Skill Builders in Focus for SA

Tressell's novel is about survival on the underside of the Edwardian Twilight, about exploitative employment when the only safety nets are charity, workhouse, and grave. Following the fortunes of a group of painters and decorators and their families, and the attempts to rouse their political will by the Socialist visionary Frank Owen, the book is both a highly entertaining story and a passionate appeal for a fairer way of life. It asks questions that are still being asked today: why do your wages bear no relation to the value of your work? Why do fat cats get richer when you don't? Tressell's answers are "The Great Money Trick" and the "philanthropy" of an unenlightened workforce, who give away their rights and aspirations to a decent life so freely. Intellectually enlightening, deeply moving and gloriously funny (complete with exploding clergyman), *The Ragged Trousered Philanthropists* is a book that changes lives.

Appetite for Self-Destruction Macmillan

Boy Bands and the Performance of Pop Masculinity provides a history of the boy band from the Beatles to One Direction, placing the modern male pop group within the wider context of twentieth- and twenty-first-century popular music and culture. Offering the first extended look at pop masculinity as exhibited by boy bands, this volume links the evolving expressions of gender and sexuality in the boy band to wider economic and social changes that have resulted in new ways of representing what it is to be a man. The popularity of boy bands is unquestionable, and their contributions to popular music are significant, yet they have attracted relatively little study. This book fills that gap with chapters exploring the challenges of defining the boy band phenomenon, its origins and history from the 1940s to the present, the role of management and marketing, the performance of gender and sexuality, and the nature of fandom and fan agency. Throughout, the author illuminates the ways in which identity politics influence the production and consumption of pop music and shows how the mainstream pop of boy bands can both reinforce and subvert gender and class hierarchies.

When they say *Quit Playing Games With My Heart*, you better listen-- 'cause they're the Backstreet Boys, one of the hottest boy-bands ever to take the stage. These five ultra-fine guys have won the hearts of millions. So step back into their awesome world and see what made them tick at this exciting, early stage of their careers. An insider's look back at the band: Howie Dorough was the peacemaker of the group. But watch out--this flirtatious hunk was also known as the "Latin lover." Kevin Richardson, as the group's gorgeous oldest member, sometimes had to be the responsible one. Nick Carter, the band's youngest member, wasn't called "Chaos" for nothing-- this blond-haired, blue-eyed cutie was a major prankster! Brian Littrell, a big-time hottie, was the comedian of the bunch-- Jim Carrey was his idol, and he loved to play practical jokes. AJ McLean, deeply romantic-- he wrote the band's love ballads, and this sexy songster was rarely seen without his trademark sunglasses. Fall in love all over again with the Backstreet Boys as they celebrate more than twenty years of top-charting success.

THE INVISIBLE MAN TAN Books

Is It Still Good to Ya? sums up the career of longtime Village Voice stalwart Robert Christgau, who for half a century has been America's most widely respected rock critic, honoring a music he argues is only more enduring because it's sometimes simple or silly. While compiling historical overviews going back to Dionysus and the gramophone along with artist analyses that range from Louis Armstrong to M.I.A., this definitive collection also explores pop's African roots, response to 9/11, and

evolution from the teen music of the '50s to an art form compelled to confront mortality as its heroes pass on. A final section combines searching obituaries of David Bowie, Prince, and Leonard Cohen with awed farewells to Bob Marley and Ornette Coleman.
