The Bombard Story Routledge

From the author of *The Battle*: A novel that brings French history to life as Napoleon moves in on Russia—where the ultimate test awaits. The French army stands at the gates of Moscow. Exhausted and

demoralized, Napoleon's men are a mere fraction of the four-hundred-thousand-strong force that crossed the river Niemen in the summer, just three months earlier. Still, the sight of this famous city feels like a triumph and a chance, at last, to enjoy a conqueror's spoils. The emperor expects to be met by city elders bearing tokens of surrender, but no one appears—Moscow has been evacuated. Napoleon, oblivious to the predicament before him, sends to Paris for comic novels and imagines that it is only a matter of time before Tsar Alexander sues for peace . . . In a novel that "brings a keen immediacy to the harrowing events" (Publishers Weekly, starred review), what follows is a waiting game—and, ultimately, a decision—that will brutally test the survival of twenty thousand soldiers and the resolve of a man hell-bent on power.

The Book of Jasher, a lost book of the Bible comprising ninety-one chapters, is presented here complete in the celebrated 1840 English translation by Moses Samuel. Referenced twice in the New Testament scripture - once in Joshua and once in Second Samuel - the Book of Jasher is also known as the Sefer haYashar or the Book of the Upright. Its contents are wide-ranging; the creation of Man and the story of Adam and Eve, and the descendants of Noah comprise part of the text. The testing of Abraham by God also features, while Abraham's dialogue is notably expanded far beyond what is said in the Hebrew Bible. The text has gained a great following since its translation to English in the mid-19th century. The Church of Latter-Day Saints founder Joseph Smith praised its detail, noting the book's elaboration on the condition of the Earth following the Great Flood.

Do's and Taboos Around the World

iUniverse

Can the documentary be useful? Can a film change how its viewers think about the world and their potential role in it? In *Kill the Documentary*, the award-winning director Jill Godmilow issues an urgent call for a new kind of nonfiction filmmaking. She critiques documentary films from *Nanook of the North* to the recent Ken Burns/Lynn Novick series *The Vietnam War*. Tethered to what Godmilow calls the "pedigree of the real" and the "pornography of the real," they fail to activate their viewers' engagement with historical or present-day problems. Whether depicting the hardships of poverty or the horrors of war, conventional documentaries produce an "us-watching-them" mode that ultimately reinforces self-satisfaction and self-absorption. In place of the conventional documentary, Godmilow advocates for a "postrealist" cinema. Instead of offering the faux

empathy and sentimental spectacle of mainstream documentaries, postrealist nonfiction films are acts of resistance. They are experimental, interventionist, performative, and transformative. Godmilow demonstrates how a film can produce meaningful, useful experience by forcefully challenging ways of knowing and how viewers come to understand the world. She considers her own career as a filmmaker as well as the formal and political strategies of artists such as Luis Buñuel, Georges Franju, Harun Farocki, Trinh T. Minh-ha, Rithy Panh, and other directors. Both manifesto and guidebook, *Kill the Documentary* proposes provocative new ways of making and watching films. *Francoscopie* CRC Press
