This is a book
that, almost
singlehandedl
y, freed
scholars from
the narrow

constraints of
a single
critical
paradigm and
created a new
era in the
study of public
discourse. Its
original
publication in
1965 created

a spirited controversy. Here Edwin Black examines the assumptions and principles underlying neo-Aristotelian theory and suggests an alternative approach to criticism, centering around the concept of the "rhetorical transaction." This new edition, containing Black's new introduction, will enable students and scholars to secure a copy of one of the most influential

books ever written in the field. **Masining na pagpapahayag (isand modyul)**. Rex Bookstore, Inc. Retorika Rex Bookstore, Inc.
