Ten Little Rabbits Canterbury Classics Mystery crime fiction written in the Golden Age of Murder "This offering in the British Library Crime Classics series is part of a popular subgenre of the time, called the 'railway murder mystery.' The train setting was ideal for encasing a wide variety of people in one place, giving them myriad chances for meetings and murder." —Booklist On a dark November evening, Sir Wilfred Saxonby is travelling alone in the 5 o'clock train from Cannon Street, in a locked compartment. The train slows and stops inside a tunnel; and by the time it emerges again minutes later, Sir Wilfred has been shot dead, his heart

pierced by a single bullet. Suicide seems to be the answer, even though no reason can be found. Inspector Arnold of Scotland Yard thinks again when he learns that a mysterious red light in the tunnel caused the train to slow down. Finding himself stumped by the puzzle, Arnold consults his friend Desmond Merrion, a wealthy amateur expert in criminology. To Merrion it seems that the dead man fell victim to a complex conspiracy—but the investigators are puzzled about the conspirators' motives, as well as their identities. Can there be a connection with Sir Wilfred's seemingly untroubled family life, his highly successful business, or his high-handed and unforgiving personality? And what is the significance of the wallet found on the corpse, and the bank notes that it

contained?

Over My Dead Body Wings
Two little girls, frozen in black and white. One picture worth killing for. The Civil Rights Movement is less than a distant memory to Lisa Waldren—it is someone else’s memory altogether, passed on to her through the pages of history. Her life

as a federal prosecutor in Boston feels utterly remote from the marches in the South that changed her father’s generation—and the entire nation—forever. But the truth is, she was there. When a photograph surfaces showing a blond, four-year-old Lisa playing with an African-American girl at a civil rights march in Fort Worth, Lisa is faced with a jarring revelation: the girls may have been the only witnesses who observed the killer of civil rights leader Benjamin Gray . . . and therefore the only ones who can exonerate the death row inmate falsely accused of the murder. Soon, Lisa finds herself in the dangerous world her father had shielded her from as a child. After some searching, the Waldrens find the other little girl from the photo and, in the

process, uncover conspiracy mere steps away from the likes of Bobby Kennedy, Lyndon Johnson, and J. Edgar Hoover. Based on real events and a photograph snapped by author Lis Wiehl's own G-man father, Snapshot is a remarkably original marriage of mystery and history. Thank You, Jeeves W. W. Norton & Company

From the celebrated team behind Creepy Carrots!, Aaron Reynolds and Caldecott Honor winner Peter Brown, comes a hilarious (and just a little creepy) story of a brave rabbit and a very weird pair of underwear. Jasper Rabbit is NOT a little bunny anymore. He's not afraid of the dark, and he's definitely not afraid of something as silly as underwear. But when the lights go out, suddenly his new big rabbit underwear glows in the dark.

A ghoulish, greenish glow. If Jasper didn't know any better he'd say his undies were a little, well, creepy. Jasper's not scared obviously, he's just done with creepy underwear. But after trying everything to get rid of them, they keep coming back!

Indians And Then There Were None

Real estate rule #1: A dead body creates buzz. A dead body in a house for sale is never the buzz you want. It isn't the first time real estate agent Helen Morrisey has found someone naked in bed while showing a house to a potential buyer. But this one is different. One glance at the bluish cast around his lips and the vacant, staring eyes, and Helen knows big-time developer Al Capelli is never going to sign another sales agreement.

His death is big news for a small, top of the Chesapeake water town where a family empire is built around secrets and their brash money style is resented by locals. Within days, his lover, her old friend, begs Helen to find the killer before she's arrested for murder. With her fight for the underdog style, Helen jumps in. She quickly realizes that solving a murder mystery in real life is a lot more dangerous than reading one. Helen decides to create her own Detection Club of expert sleuths—Miss Marple, Jessica Fletcher, Nora Charles, Agatha Raisin, and, yes, Nancy Drew to help unearth the truth. Detective Joe McAlister recognizes the value of Helen's insight into back-office real estate deals and local players. And for the first time since her husband's death, Helen meets

a man who might be able to return zingers as quick as she can toss them out. Mystery lovers hungry for a smart gutsy woman, a fast-moving plot, and an insider's look into a business everyone talks about, but few understand, will devour this first in a series Murder in the Master.
